

# 49" or 55" LG Digital Menu Board Canopy

Designed for your digital signage application

## Single, Double or Triple DT Enclosure with Canopy

The Drive Thru Enclosure with Canopy is made for the QSR industry and supports (1-3) LG 49" or 55" LG XE4F series. This digital drive thru menu board is rated for temperatures of -20f to 122f and is wind load rated up to 140 mph and with use of the Canopy, provides protection from rain, snow, sun, and wind. This system is unique in that there are no custom designed display cabinets. The LG XE4F display is already IP56 rated and does not require additional protection from the environment.

Constructed using 7 GA. high impact steel braces and 1/4" thick walled tubing which will insure longevity and years of use. This DMB solution is first primed with a zinc rich primer and can be painted virtually any color you want. For high traffic areas there is an optional front cover bumper housing available.

This solution comes equipped with a 4-outlet quad box and a Zero Surge model OEM6-20W-120 power filter. With this fully designed system surge issues are a thing of the past.
